Prayer Points

- We have a Special Church Meeting on Sunday 18th January, 12 noon in the worship area. The meeting has a single agenda item and is to enable the next steps in the process of becoming a CIO (Charitable Incorporated Organisation). Although only formal members will be able to vote, everyone is invited to attend to share views. Attending and participating in Church Meetings is one of the duties of membership.
- Stephen, who recently started attending our church, has gone to Japan to teach English. Please pray for him, that he will settle in, find a church and feel comfortable in a new place, a new job, a new culture.
- Fellowship Focus has been introduced during Sunday worship. It is important that we recognise our worship and discipleship are part of our every day lives. That is why someone each week will share about their work, activities and hobbies so that we can pray for them.
- David is awaiting a treatment plan for the lesions found on his liver. Please pray for him. so that we can pray both for church activities and those in our church family in their everyday life and work.
- Please pray for Eileen following the recent death of her brother.

Gather,
Grow,
Go.
